LOCKER PRODUCT GUIDE

A new standard in professional locker design and quality.

1-800-265-9055
www.gsslockers.com

BETTER BUILT, LONGER LASTING

16 gauge door panel,
20 gauge liner

Quiet close feature

Single point latch

VERSATILITY IN ONE DESIGN.

Ideal for heavy duty use in schools, locker rooms, industrial environments, government, sports facilities, educational, commercial and mining industries.

Available in many custom color powder coated finishes. Purchase assembled, knocked down or fully welded bodies.

ELITE LOCKERS

Meet the new standard for corridor lockers.

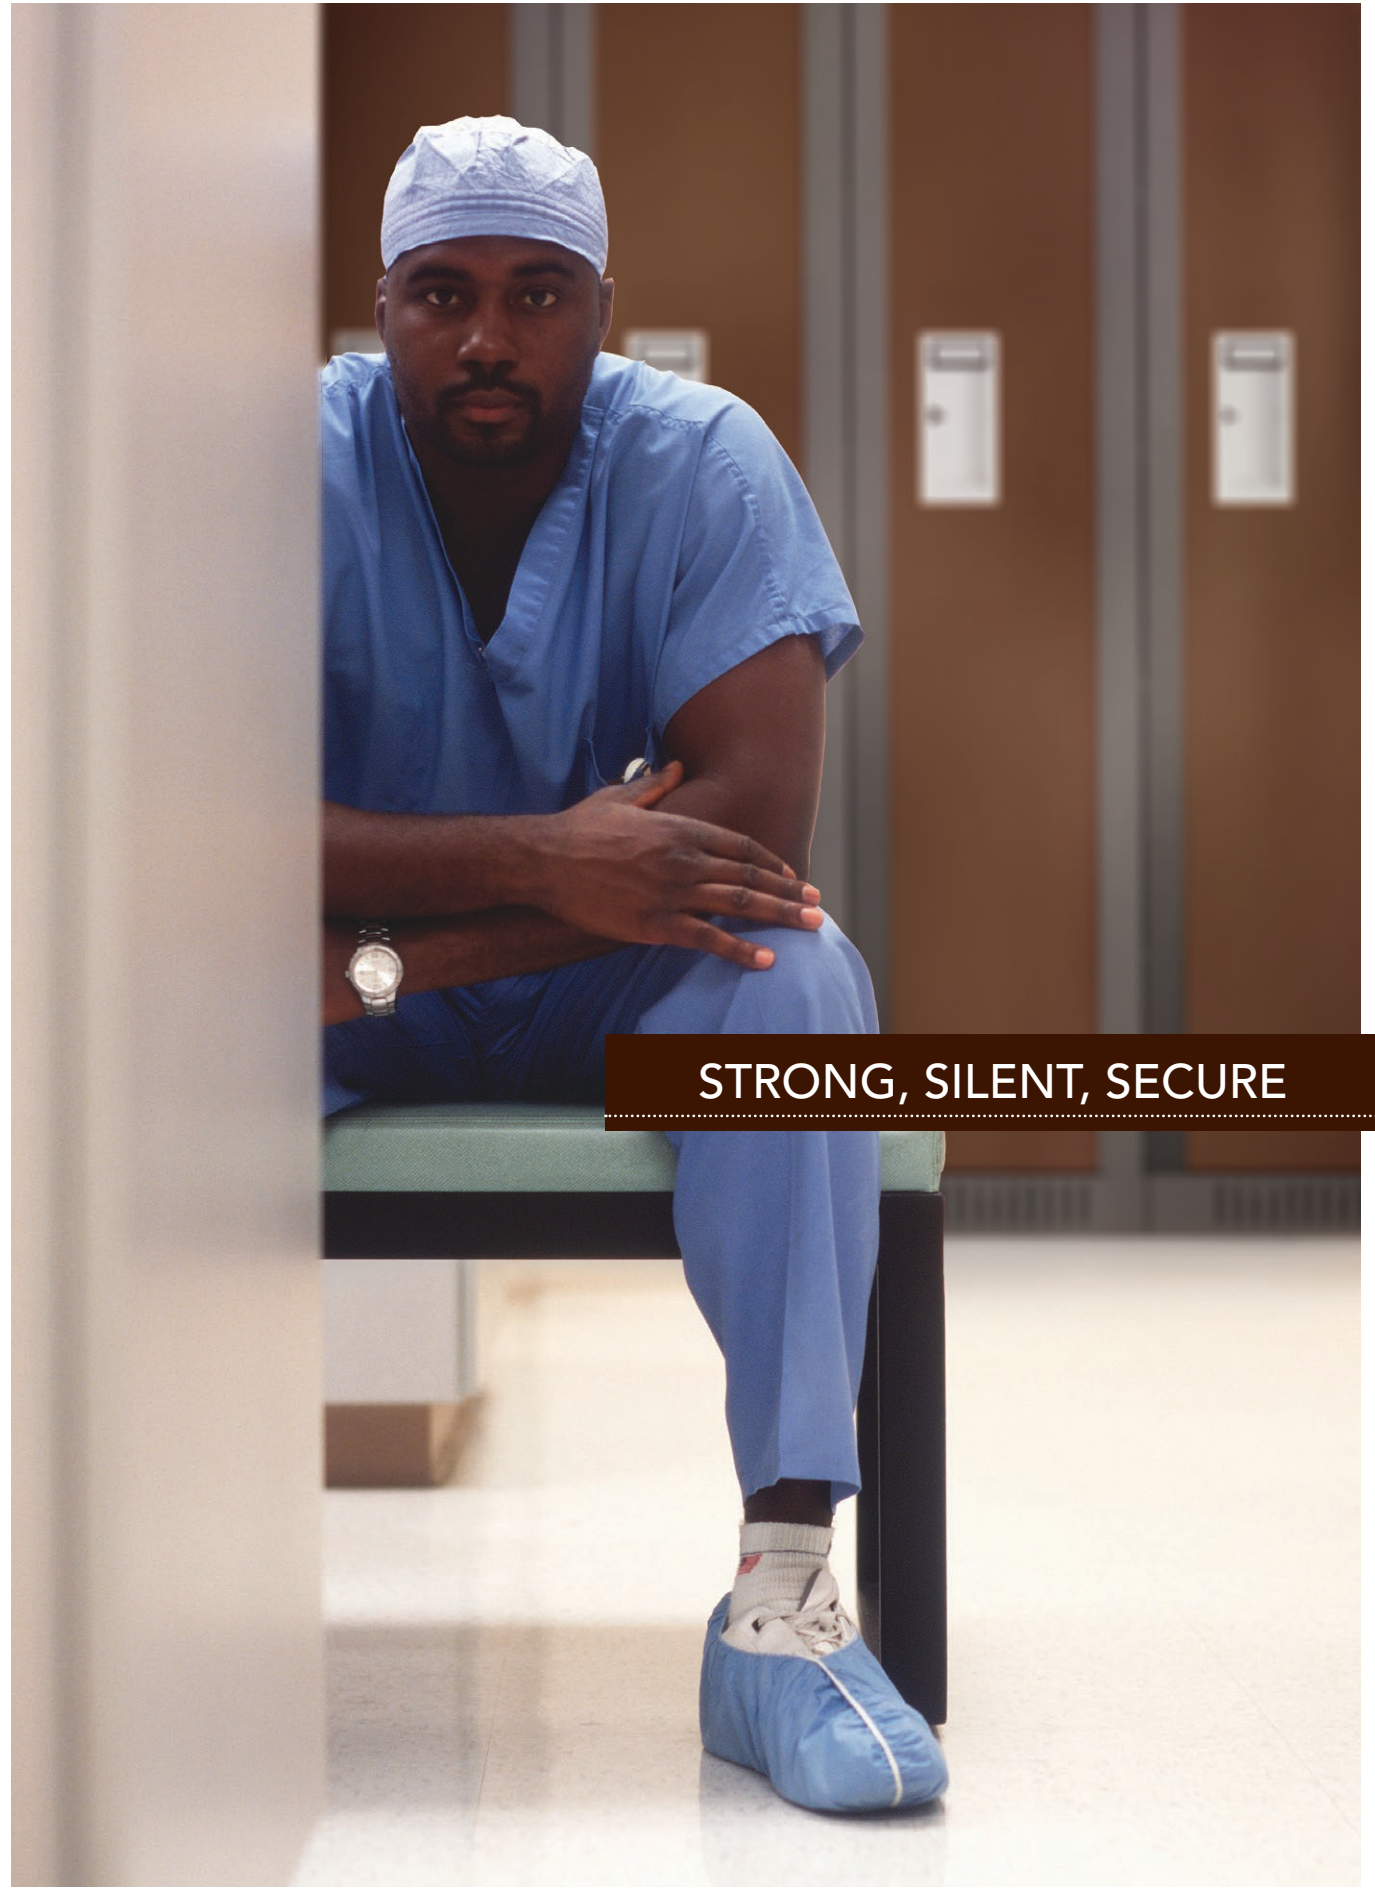

The Elite series of lockers raises the bar for corridor locker strength and durability. The increased thickness of steel throughout the entire locker allows Elite to surpass every competitor's standard locker offering.

- + 16 gauge steel outer door panels, 20 gauge liner
- + 20 gauge pre-painted oyster body panels
- + 16 gauge shelves, tops and bottoms
- + Full length integrated hinge and frame
- + Galvanneal steel - no rust bottoms
- + Vast selection of powder coated finishes
- + GSS quiet close and stay close features
- + Single point latch

AVAILABLE IN

- + Two heights - 60" and 72"
- + Four widths - 12", 15", 18" and 24"
- + Five depths - 12", 15", 18", 21" and 24"

STRONG, SILENT, SECURE

16 gauge shelves

Single point latch

No rust bottoms

NO COMPROMISING.

GSS does not compromise on product quality. The Excalibur Locker is the strongest and most durable locker in the market today.

Available in many custom color powder coated finishes. Purchase assembled, knocked down or fully welded bodies.

EXCALIBUR LOCKERS

GSS raised the bar with the Elite Locker product series. Now we've built something even stronger. Introducing Excalibur!

The increased steel thickness on every part of the Excalibur locker results in a product that is 25% heavier than any other locker on the market in North America.

- + 14 gauge outer door panel, 20 gauge liner
- + All other components are minimum 16 gauge
- + Our standard quiet close, never sag door, with single point latch
- + Galvanneal steel bottom

AVAILABLE IN

- + Two heights - 60" and 72"
- + Four widths - 12", 15", 18" and 24"
- + Five depths - 12", 15", 18", 21" and 24"

VENTILATED, RUGGED

Punched for ventilation

16 gauge galvalume coated

EXTREMELY SOLID DESIGN.

Athletic locker rooms, swimming pools, athletic facilities, public and employee locker rooms are an exceptional fit for the Event locker system.

Available in many custom color powder coated finishes. Purchase assembled, knocked down or fully welded bodies.

EVENT LOCKERS

All Event Lockers feature 16 gauge galvalume powder coated bottoms, shelves and tops to ensure they will handle the wear and tear in any environment. Event Lockers sleek design and heavy duty construction will look great and remain maintenance free for years to come.

- + 14 gauge steel doors with 20 gauge liner. Sides punched for ventilation, then powder coated in our automated coating facility to ensure all metal surfaces are fully coated.
- + Sides and back are 16 gauge.

AVAILABLE IN

- + Two heights - 60" and 72"
- + Four widths - 12", 15", 18" and 24"
- + Five depths - 12", 15", 18", 21" and 24"
